This measure may be considered for action during today's work session.

ASSEMBLY BILL 600

Revises provisions concerning the protection of certain personal identifying information. (BDR 19 – 774)

Sponsored by: Assembly Committee on Government Affairs
Date Heard: April 10, 2007
Fiscal Impact: Effect on Local Government: No.
Effect on the State: No.

Assembly Bill 600 makes consistent the provisions that protect personal information from disclosure by public entities on documents by protecting personal information both on the entity's Web site and on documents submitted to the entity. This measure also: provides that the last four digits of a Social Security number are not personal information; provides immunity to certain officers and employees of governmental agencies regarding disclosure of personal information; provides that a person may request the redaction of information on certain documents; removes the requirement of the inclusion of a Social Security number on certificates of marriage and forms for divorces and annulments; allows the inspection and copying of certain records by family members; and authorizes the use of the last four digits of a Social Security number in judgments.

Amendments:

The following four amendments were proposed by Alan Glover, Carson City Recorder (see language attached).

- 1) Require that a person who requests that a governmental agency remove from any document personal information about the person must give the document number or book and page, the type of document, and the date the document was submitted to the agency (concept proposed by Alan Glover, Carson City Recorder).
- 2) Provide that a county recorder may allow inspection and copying of records containing personal information about a deceased or incapacitated person by a widow or widower, parent, sibling, child, or spouse of the person, guardian, or personal representative.
- 3) Delete Section 6 that requires redaction of pre-2007 documents by 2017.
- 4) Modify the effective date in certain portions of the bill to January 1, 2008 in order to allow a reasonable amount of time to implement new provisions.

Special Note: There was no testimony in opposition to this measure.
