Good afternoon,

I'm not sure what you mean by "heard" but if you are asking how many dispositions the Court of Appeals (COA) has filed since its inception (1/1/15), the COA filed 2,995 dispositions from 1/1/2015 to 6/30/2018. Of those dispositions during that period, 27 were published opinions. The Nevada Supreme Court filed 5,990 dispositions during the period of 1/1/2015 to 6/30/2018. Of those dispositions during that period, 333 were published opinions.

**Subject:** Some Questions

Dear Sir or Madam.

I wonder if you could help me with this.

1. How many cases has the new Court of Appeals heard since it has come into existence?
2. How many of these cases have resulted in a published (and therefore citable) opinion?
3. How many cases has the Nevada Supreme Court heard during this time?

and

4. How many of these Supreme Court decisions have resulted in a published opinion?

I think this information would be of interest to the general public as well as to me.

This information is for an article I am writing for my Web site at [www.jmargolin.com](http://www.jmargolin.com).

Thank you.
