**Subject:** towers and PRB-1 PART 2

Mr. Osborne,

Per our conversation in the County Clerk's office:

I asked you to look at PRB-1 the second paragraph which states very clearly that you cannot install commercial style towers in a residential area.

Did you look at that paragraph?

Because the ruling I just read does not indicate that at any time anyone considered the second paragraph.

Are you aware of a petition with over 100 signatures demanding that the towers be taken down and are you aware of the law concerning the nuisance complaint I filed two years ago?

Do not approve these ugly towers in out neighborhood.

Buddy Morton
